

Dear Sir or Madam,

We kindly invite you to **the 11th AUTOSAR Open Conference** which will be held on **November 6th and 7th, 2018 at the Portman Ritz-Carlton in Shanghai, China.**

New applications such as advanced driving assistance, autonomous driving and V2X as well as new requirements and possibilities from the “Internet of Things” demand changes to the system architecture of automotive electronics. Likewise, to ensure autonomous driving vehicles, electric mobility and the offboard connectivity, safety and security must be considered with high priority.

By providing a common specification, architecture and methodology, the AUTOSAR development partnership forms the foundation for **reliable automotive system architectures**. AUTOSAR is a strong community of more than 200 leading companies from automotive, electronics, semiconductor and software industries. AUTOSAR focuses on **standardization** with the goal of reliability, scalability and maintainability. The resulting specifications and code implementations are free to use for all AUTOSAR partners over the world.

To share a holistic overview of the AUTOSAR standards, recent developments, long-term planning and organizational changes, AUTOSAR hosts an **annual AUTOSAR Open Conference (AOC)**. The agenda is complemented by presentations from AUTOSAR partners. This leading event in the sector of automotive system development is an excellent opportunity to interact with a great number of industry experts. After previous events in Detroit, Tokyo, Gothenburg and the Californian Silicon Valley, the 11th AOC takes place in Shanghai, China this year.

If you believe in the value of collaboration to develop long-term software solutions for the global automotive industry, meet the AUTOSAR experts at the

11th AUTOSAR Open Conference

November 06th + 07th 2018

The Portman Ritz-Carlton Shanghai
1376 Nanjing Xi Lu,
Shanghai 2000-40, China

Networking Reception on November 06 th , 2018	(07:00 pm - 10:00 pm)
Conference on November 07 th , 2018	(09:00 am - 06:00 pm)

With the motto ‘**AUTOSAR enables development of smart, safe and secure vehicles**’, the Open Conference 2018 will focus on the synchronized release of the **AUTOSAR Classic and Adaptive Platform** which will be published in autumn 2018. The releases R4.4 and R18-10 will contain updates to harmonize the two platforms to an overall system. For the AUTOSAR Adaptive Platform, there will especially be improvements in the **safety and security demands** for

autonomous driving vehicles, **software download over the air** and **service-oriented communication**.

Please find the **AUTOSAR Open Conference agenda** [here](#).

Moreover, AUTOSAR will offer the **Shanghai Days** parallel to conference in November. In **technical sessions**, AUTOSAR experts will present specialized technical topics from the Classic and Adaptive Platform to interested participants. They can answer dedicated questions of the participants and offer them an open, technical exchange about the application of the AUTOSAR Platforms.

Participants can choose between one of the two emphases with the following sessions taking place on November 6th in the afternoon:

- | | |
|---|---|
| a. How to setup basic features for the AUTOSAR Classic Platform <ul style="list-style-type: none">• Com-Stack - <i>Classic Platform</i>• Diagnosis - <i>Classic Platform</i>• Methodology - <i>Classic Platform</i> | b. How to setup the communication between the AUTOSAR Classic and Adaptive Platform <ul style="list-style-type: none">• Methodology - <i>Classic+Adaptive Platform</i>• Com-Manager - <i>Adaptive Platform</i>• Com-Stack - <i>Classic Platform</i> |
|---|---|

Please find the **agenda for the technical sessions as well as a session description** [here](#).

To join us at the AUTOSAR Open Conference and Shanghai Days, we kindly ask you to register here:

Agenda & Registration

<https://www.autosar.org/aoc2018>

Registration deadline: Oct. 20th, 2018

Participation fee:

Conference:

- International participants: 262,78 EUR (250 EUR + registration fee)
- Chinese participants: 2001 RMB (1875 RMB + VAT 6,72%)

Technical Session:

- International participants: 104,64 Euro (100 EUR + registration fee)
- Chinese participants: 843,09 RMB (790 RMB + VAT 6,72%)

Venue:

The Portman Ritz-Carlton Shanghai,
1376, Nanjing Xi Lu,
Shanghai, 200040 China

Seats are limited. Therefore, we recommend you register at your earliest convenience. Due to other events in Shanghai in the same week, we also recommend making a hotel reservation soon.

We are delighted to welcome you in Shanghai!

Yours sincerely

Rick Flores
